

**VBS Special Offering:  
Madi Drops through  
Ultimate Mission: A Christian Life Empowerment Group**

Kids care about kids and love serving—especially when they know they can make a difference in the lives of others who need help. At Sea of Miracles we are partnering with Ultimate Mission: A Christian Life Empowerment Group to raise money to provide Madi Drop water purification tablets for medical missions around the world. The Madi Drop releases silver ions into water at a precise, consistent concentration. Silver ions are highly effective at eliminating waterborne pathogens and disease. This process creates millions of tiny silver clusters that attach to the walls of the container and release ions that disinfect the water and make it completely safe for human consumption. Each Madi Drop works continually for at least 200 days!
